

French Speaking Countries

KS 2

Years 3 and 4

Learn the names of some French speaking countries. Have a look at the word list. Can you ask and answer the question: "C'est quel pays?" – "Which country is it?" Now have a go at the "Les Pays" worksheet. If you are not sure which countries are in Europe, you can check in an atlas. If you don't have an atlas, you could always use google maps.
