15th January 2021

Dear Parents and Carers,

Hi everyone! We've made it through another week- I hope it's been a good one for you or at least a bearable one.

The children have yet again been brilliant! Whether working at home or school, some fantastic work has been produced and real effort and great attitudes to learning have been seen. I know this has meant a great deal of support from yourselves – so thank you and well done all!

If working at home, remember please do not worry if your child is unable to join a call or complete all the work on any given day. Also don't forget, if you would like additional work then take a look at the National Oak Academy website and BBC bitesize where you will find recorded lessons, tasks and explanations linked to the work the children are doing.

I wanted to take the opportunity to also say a 'big thank you' for the amazing feedback we have received regarding the 'home-learning'. The teachers are working incredibly hard to provide work for the children in school and at home, your kind words make such a difference to us all- so thank you.

A couple of general reminders, at the risk of sounding like a broken record, please please can I remind everyone that children should only be booked in for the days Key Workers are actually working away from home, if you are at home then children should remain at home. This is the best way to keep numbers to a minimum and therefore everyone as safe as possible in our school community. Also, can I politely remind Key Workers that when bringing children to school, can you ensure you are wearing masks when on the school site or speaking to your child's teacher and arrive promptly at 8.50am. Thank you for your co-operation and understanding regarding these points.

As always if you are having any difficulties that school can help with please let us know.

I hope you all manage to get a well-deserved rest and chance to unwind this weekend.

Keep taking care of each other, keep safe and stay well.

Take care,

Mrs. Cook
