

## Overview

Following the Olympics Games in 2012 the government announced that it would provide additional funding of £150 million per annum for academic years 2013 to 2014 and 2014-15 to improve provision of physical education (PE) and sport in primary schools. This funding has recently been extended to 2020 and is provided jointly by the Departments for Education, Health and Culture, Media and Sport and will be allocated to primary schools. The money must be used to improve the provision of PE and school sport. To find out more about this funding please follow this link.

Here at Cropwell Bishop Primary School, PE and sport plays a very important role within the lives of our pupils. We believe that engaging them in physical activity is essential in their young lives and provides them with an excellent opportunity to develop socially and emotionally as well as understanding the importance of keeping active. We believe that competition in sport is very important and we encourage our pupils to win with pride, but to also lose graciously. Our overall aim is to raise standards in P.E. and school sport, increasing the participation and opportunities offered to our children. We aim to provide higher quality lessons and improved learning for all.

## Allocation

Cropwell Bishop Primary School's allocation for the financial year 2017/18 was £16000 plus £10 per pupil

## Provision

Here is a breakdown of our key development areas targeted through the PE funding:

### **To improve the quality of PE teaching in school through the use of a specialist PE coach**

- We employ a specialist PE coach for 2 days a week who teaches every class at least twice throughout the year alongside the teacher. Teachers work alongside the coach for their own professional development and to observe the pupils' progress.
- This continued development has provided the pupils with access to high quality PE lessons that are engaging and challenging.

### **To increase participation levels in competitive sport at both inter school and intra-school competition**

- We pay to be part of the Rushcliffe School Sports Partnership which offers a full program of interschool competitions. This year the competitions we have entered or will enter are:

- o cross country;
- o mini biathlon;
- o year 3/4 indoor athletics;
- o year 5/6 indoor athletics;
- o boccia;
- o girls and boys football
- o hockey;
- o tag rugby;
- o basketball;
- o orienteering;
- o mini tennis;
- o quad kids outdoors athletics.

- We also continue to enter teams to both the borough and county football cup competitions for both boys and girls, and the district swimming gala.
- We take part in a district outdoors athletics competition using the athletics track at Toot Hill School. This has involved 240 children competing in track and field events.

### **To offer a range of sports as after school clubs and to increase participation levels.**

- As a school we offer numerous after school clubs to pupils and the PE funding has enabled us to extend this through the use of our specialist PE coach. In the academic year of 2018-2019 we offered the following extra curricular sports:

- girls football
- boys football;
- athletics;
- tennis
- dance
- 'school run' (as Park Run but around our school field)

### **To encourage children who are reluctant to take part in sport to participate.**

After a survey to establish how many children participate in sport out of school, we have targeted specific children to work with our Sports Ambassador TA to access a range of sports they may not usually encounter, such as Nordic walking.

### **To offer a wide range of sports during PE lessons**

- The pupils at Cropwell Bishop Primary School are very fortunate that they access a range of sports during PE lessons and are given the opportunity to learn the skills and rules

required to play these. As a school we have invested in further equipment so that this opportunity is given to the pupils. Pupils have accessed the following sports this year:

- Football
- Dodgeball
- Handball
- Dance
- Netball
- Hockey
- Tennis
- Cricket
- Gymnastics
- Swimming
- Athletics

#### **To offer swimming tuition to all children, regardless of ability**

- We are able to use the PE funding to continue with our swimming programme that we offer to all pupils, regardless of ability. Pupils swim in years 1, 3 and 5. Pupils who have not reached the end of KS2 standard by the end of year 3 are given further opportunity to access swimming lessons throughout KS2 if necessary. Each pupil will have an annual swimming programme of 14 45 minute sessions.

#### **Impact**

- The teaching at each age group is suitably differentiated so that the children progressively
- improve their level of ability and develop the fundamental skills needed to participate in different sports.
- The employment of a specialist PE coach has led to a wider range of subjects being taught during PE lessons.
- Levels of attainment in swimming are particularly high with the vast majority of pupils being able to swim at a far better level than just the 25m specified in the National Curriculum.
- As a school we aim to enter every inter school competition we are able to
- Teacher are able to access effective CPD in working alongside specialist practitioners which has a positive impact on PE teaching throughout the school.
