Homework menu (Autumn Term 2 -2026) Year 6

In the table, there are lots of different homework activities to choose from. You MUST complete the activities that are **coloured grey each week**. You can choose to do whatever you like each week; however, by the end of the half term, you must have earned 20 stars. When you have completed a homework task, put a cross through the box and colour in the number of stars you achieved. Please let me know if you have any questions about this or need any help/support with anything, including needing anything printing.

Bring all of your completed homework (along with this grid) into school to show me by **Monday 14th December** in order to earn the homework reward.

Practise your spellings each week, ready for the spelling test on Fridays. Also, complete the each weeks Spelling Shed activity, and show this to me each Friday morning. ★★	Ensure you complete the weekly DAaRT homework activity and ensure the DAaRT report is completed at the end of the sessions. ★★	Practise your times-tables or play on Timetables Rockstars at least twice a week. ★★	Complete the Charles Darwin reading comprehension activity (approx. 20 mins). This has been printed for pupils and needs to be brought back into school so we can discuss this as a class. ★★★★
Design a fairground ride: Carry out a little research about different fairground rides and then design your own: draw and colour in a picture of your ride and explain its features. ★★★	Create a piece of art linking to evolution and inheritance. Be creative with this. ★★	Have a go at the Halloween SPaG Problem-Solving Mystery Game: The Stolen Sweets. This has been posted on Teams. ★★★★	Try the Maths Mystery 'Sabotage at the Ski Resort', which has been posted on Teams. ★★★★
In history, our question for this half term is: How did the Middle Ages shape modern Britain? Create an informative fact file about an important person, place, or event from the Middle Ages. Include details on how they influenced life at that time and how their actions or decisions helped shape the world we live in today. ★★★	In science, our theme is 'Evolution and Inheritance'. Create a scientific fact file about an animal that has evolved over time. Include details on how its characteristics have helped it adapt to its environment. ★★★	Produce a poster detailing what you know and offering advice regarding the safe and appropriate use of social media. ★★★	Create a poster review about a book that you have read and enjoyed recently. Ensure that you include some details about the plot, what you most enjoyed about it and why you would recommend it to others. This can be done on a computer/electronically. ★★
